

# WAXNESS®

## SAFETY INFORMATION

**PRODUCT NAME: Waxness Nera Hard Wax Beads**

### PRODUCT DESCRIPTION:

Waxness Nera Hard Wax Beads is a hypoallergenic hard wax made with a synthetic resin base (no rosin). It is demi-creamy, flexible, gentle on the skin, and suitable for all areas of the body. Its deep black color ensures visibility on the skin for precise application. Made in Italy, Nera wax is inspired by Celtic culture and mythology, symbolizing the transformative power of darkness and resilience. The packaging features strong Celtic symbols, such as infinite knots, representing life's eternity.

### INTENDED USE:

- For professional hair removal treatments
- Suitable for all areas (face, arms, legs, underarms, bikini)
- Designed for licensed beauticians and salon use

### SAFETY FEATURES:

- Hypoallergenic **Synthetic Resin Formula** (no rosin)
- Demi-creamy, flexible texture, gentle on sensitive skin
- High visibility on the skin due to **black color**
- Suitable for all body areas
- Made in Italy, with cultural symbolism and premium quality

### PRECAUTIONS:

- For professional use by licensed beauticians only
- **Hot Wax Warning:** Wax heated above 42 °C (107.6 °F) can cause skin burns
- Perform a temperature test before applying on skin
- Apply to **clean and dry skin only**
- Keep away from children – **plastic bags may cause suffocation**
- Do not ingest
- Always read and follow instructions on packaging

### FIRST AID MEASURES

- **Skin Burns:** Cool affected area with cold water. Seek medical attention for severe burns
- **Eyes:** Rinse with plenty of water for at least 10 minutes and consult a doctor if irritation persists
- **Inhalation:** Not normally hazardous. Move to fresh air if discomfort occurs
- **Ingestion:** Rinse mouth, do not induce vomiting. Seek medical help immediately

### DIRECTIONS FOR USE (summary)

- Melt wax over low heat, maximum temperature 42 °C (107.6 °F)
- Test wax temperature before applying to skin
- Prepare skin (may use powder or lotion)
- Apply wax and allow to cool until no longer sticky
- Flick lower part of strip and remove briskly against hair growth

# WAXNESS®

- Apply soothing/after-wax lotion after treatment
